Drain Rings™

Monthly Versus Next Gen Drain Rings

Drain Rings Clean Continuously

Drain Rings are a time-release± cleaning product, that sits directly in the drain to treat water as it flows into the drain. Prevention is always the best practice. Drain Rings makes it easy with time-release± cleaning that lasts up to 30-45 days.

New and Improved Formula

Monthly Drain Rings

The long-term solution for maintaining pristine drains with minimal effort. Monthly Drain Rings provide unmatched longevity. This innovative drain cleaner is designed for spaces where regular maintenance is not feasible, significantly reducing the need for frequent upkeep.

- **Continuous Cleaning:** Drain Rings clean continuously in the presence of water for a full 30 -45 days*.
- **Efficiency:** Continual time-release cleaning±.
- **Longevity:** Change Drain Rings less often for no hassle upkeep.

Next Gen Drain Rings

The cost-effective solution for maintaining effortlessly clean drains in line with regular maintenance schedules.
